As per Policy 2436 Activity Participation Fee Program, the Activity Participation Fee Program will require each student participating in a school-sponsored athletic or extracurricular activity to pay a participation fee.

High School Athletics/Marching Band and Winter Guard/Cheerleading: There will be an annual activity fee of \$100.00 for each individual sport in which a student participates. If a student participates in a fall, winter and spring sport, there will be three separate \$100.00 fee payments required with the following exceptions:

- \$100 fee for participation in one or more track teams (cross country, winter track and spring track)
- \$100 fee for participation in one or more cheerleading squads
- \$100 fee for participation in marching band* and winter guard

High School Clubs and Activities: There will be an annual \$50.00 fee to participate in any of the high school clubs/activities. Once the activity fee is paid, the student may participate in as many of these clubs/activities as he/she chooses, schedule permitting, during the respective school year. (*Note: Bands other than marching band are considered clubs. If a student participates in marching band, they will not be required to pay an additional \$50.00 fee to participate.)

Middle School Activities: There will be an annual \$40.00 fee to participate in any of the middle school sports/clubs/activities. Once the activity fee is paid, the student may participate in as many of these sports/clubs/activities as he/she chooses, schedule permitting, during the respective school year.

Intermediate School Activities: There will be an annual \$25.00 fee to participate in any of the intermediate school clubs/activities. Once the activity fee is paid, the student may participate in as many of these clubs/activities as he/she chooses, schedule permitting, during the respective school year.

The Board of Education does not wish to create a barrier for students to participate in sports/band/cheerleading/clubs/activities. Therefore, families who qualify for free or reduced lunch are eligible for an activity fee waiver.

The student activity fee for sports, bands and cheerleading are due after tryouts and final determination of teams/bands/squads and before the first practice. Fees for athletic activities which do not require tryouts shall be paid before the first meeting of the activity. Student activity fees for clubs/activities are due at the organizational meeting of the first club the student joins during the academic year.

Payment of fees shall be made either through the district's online payment company or in the form of a check made payable to the Hillsborough Township Board of Education and provided with the Activity Fee Registration Form to the athletic coach office or activity advisor. For directions on how to use the district's online payment system go to:
